Prawdziwa skóra

Nasze meble – w całości, a nie tylko niektóre ich części – pokrywa naturalna skóra licowa. Jest to wysokogatunkowa, miękka skóra, bardzo delikatna w dotyku, ale zarazem bardzo wytrzymała, o pięknej, wyraźnie widocznej fakturze.

Polski produkt

Meble Vero charakteryzuje wzornictwo włoskie, z włoską orientacją w smaku i wykorzystaniem włoskich materiałów. Jednak sam proces produkcji mebli przebiega w Polsce, w polskiej fabryce o wieloletniej historii i z udziałem polskich pracowników, biegłych w swoim fachu.

Bogactwo możliwości

Meble Vero mają nowoczesną budowę modułową. Genialnie funkcjonalne kanapy dwu-, trzy- i wielo-osobowe powstają tu przez odpowiednie zestawienie modułów – w zależności od potrzeb i rozkładu wnętrza czy też gustów i upodobań jego mieszkańców.

Komfort prawdziwego łóżka

Proste i szybkie w rozkładaniu łóżko na solidnym stelażu. Idealne rozwiązanie dla niewielkich mieszkań: sofa na co dzień – a w nocy wygodne pośłanie dla gości.

Genuine Leather

Our pieces of furniture – the whole item and not just certain parts of them – are upholstered with natural grain leather. It is a high-quality, soft leather which is very delicate to the touch, whilst still being highly durable, with a beautiful and clear visible texture.

A Polish Product

Characterising the Vero range of furniture is the unmistakable Italian design, with the typical Italian orientation in taste, coupled by the use of genuine Italian materials. However, the furniture production process itself takes place in Poland – at a Polish factory boasting a long history and tradition.

A Wealth of Possibilities

Pieces from the Vero range constitute an example of modern modular design. The brilliantly functional two-, three- and multi-seater sofas are formed by means of combining different modules – in sync with the needs and the arrangement of the interior in question, as well as – naturally – the tastes and preferences of its residents.

The Comfort of a Real Bed

Simple and user-friendly foldable bed supported by a solid frame. It makes for an ideal solution for small apartments: a sofa during the day – a comfortable bed at night. Also indispensable as a solution for guest sleepovers.
